April 25, 2000

Dear Mr. Henry,

I am writing you in regards to the controversy over the use of the word "milk" in the sale of say, nut milk, coconut, rice, and oat milk to name a few.

The dairy industry should not have a monopoly on the use of the word "milk" and they should simply label their product as "cows milk" and let the consumer decide which they want.

Thank you for your attention to this matter.

Sincerely,

Sharyn Winters
