Dr Jane Henney, Dec 23, 1999

Please follow the ban on animal use of growth-promoting antibiotics used in human medicine like the English and Europeans do.

2336 '00 AUG 16 P2:06

Our government needs to label all products that use medicine in animals and genetic engineering in our food. We deserve the information. Does the increase in breast cancer come from using hormones in our food? Dr Jack Ph Janssen a Belgian expert thinks so.
