MARTHA W. PARRIOTT • 9001 SUMMERFIELD, WICHITA, KANSAS 67206

Dec 22, 1999

Dear Ms. Henney M.D.

I would to add my voice an old one - since Jan 81 - to urge you to ban animal use of growth promoting antibiotics used in human medicine! These exposures may indeed be why - some many are no longer effective - our European friends are right to erase this threat - Please do more than hold meetings to talk - Sincerely

Martha W. Parriott
