Dear Dr. Henney:

2030 '00 AUG 16 P2:18

This note is to ask you to please use all the influence you have to ban the use of growth-promoting antibiotics on animals, if these antibiotics are also used on humans!

It is common knowledge that in some cases antibiotics are no longer effective on humans. Please, let's not permit any ~~unnecessary~~ unnecessary use of antibiotics!

Concerned citizen,

Lucy H. Wyatt
