DEAR COMMISSIONER HENNEY -

I BELIEVE COWS SHOULD NOT BE TREATED WITH rBGH. IT IS COMPLETELY UNNECESSARY AND EVEN MORE IMPORTANT, UNNATURAL. IT IS PROVEN TO CAUSE SERIOUS HEALTH PROBLEMS IN COWS. HOW CAN THIS BE GOOD?

FURTHERMORE THE IMPROPER LABELING ON PRODUCTS MAKES IT HARD FOR THE CONSUMER TO BUY PRODUCTS RBGH FREE. IF IT IS GOING TO CONTINUALLY BE USED TO PRODUCE EXCESS MILK IN COWS; PROPER LABELING OF PRODUCTS IS A MUST.

I URGE YOU TO CONSIDER NO RBGH USE OR AT LEAST STRICT NATIONAL GUIDELINES ON REGARDING LABELING OF PRODUCTS.

THANK YOU,

KEYA OLSON - VT.
