When I am on the highway and I see one of those big trucks carrying Animals to slaughter, it just makes me feel sick knowing the terrible suffering those poor creatures must endure; And it is so unnecessary if only people would stop eating meat, which is certainly not healthy for them, especially this day and age with all the stuff animals are fed and subjected to. I am especially concerned about the downed Animal trade, and I am writing to urge you most strongly to prohibit the slaughter of downed Animals. docket number 98P/0151/CP1.

I simply cannot fathom how humans can be so cruel.

Thank you

Sincerely C 2483
