Dear U.S. Food and Drug Administration,

I strongly urge you to

end the downed animal trade.

Please grant Farm Sanctuary's petition to prohibit the slaughter of downed animals - docket # 98P-0151/CP1.

Animals who are too sick or injured should not be able to enter the food chain. Downed animals increase the risk for bacterial contamination. Most importantly, downed animals can be prevented with better care and handling.

Sincerely,
Lesley Parker-Rollins.
