8-30-00

Dear Commissioner Henney,

I am writing in support of the legal petition filed by numerous food safety groups,

Docket # 00P-1211/CP1.

I unequivocally support a ban on marketing any genetically engineered food that has not been rigorously and completely tested for safety.

I do hope the FDA will consider the health & safety of consumers to be more important than the profits of agribusiness. Thank you,

Margie Farias
