9.14.00

Dear Commissioner Henney:

H217 '00 SEP 21 P2:02

Please support the legal petition made by the Organic Consumers Association, asking to take all genetically engineered foods + crops off the market and subject them to rigorous safety testing.

This is a very important petition for long-term consumer protection — thank you in advance for having vision enough to enact FDA change in this regard.

Sincerely,

Chandra Alexandre
