Dear Dr. Henney, Sept. 28, 1999

We join millions of other Americans who are very concerned about the ineffectiveness of antibiotics because of their overuse by physicians, hospitals -- and especially by livestock producers. Antibiotics should not be used for cheap growth promotion in animals.

2012 '00 JAN -6 AM 11:24

Please favor sick children over cheap chickens (which aren't healthy for us to eat, anyway!). We strongly support the CSPI petition. We hope you do, too!

Thank you!

Sincerely,

Mr. & Mrs. J. L. Denison
