Jane Henney, M.D.
Commissioner Food & Drug Administration
500 Fishers Lane Rm 1471
Rockville, MD 20857

Dear Ms. Henney,

I would like to request that you forbid the feeding of growth-promoting anti-biotics to animals when they are needed to fight disease. Because of the over-use of these antibiotics, they are becoming ineffective to fight disease. I am also worried that we are ingesting all of these drugs when we eat animal products.

Apparently Europeans are getting along very well without this practice.

Sincerely,
Mrs. Joan Bothwick
