January 3, 2000

Commissioner Jane E. Henney,
8680 '00 JAN 24 PS:26 of the Center
for Science in the Public Interest,
I urge you to save human lives
by banning the use of medically
useful antibiotics in animal feed.
Adding antibiotics to feed in
order to promote growth can
make bacteria resistant to those
antibiotics. And that can leave
physicians with no way to
treat life-threatening bacterial
infections in humans. That is
why I support the petition
filed by Center for Science in
the Public Interest (CSPI).

Sincerely
Kathleen C Morgan, RN

99P-0485

C2376
