RE: Docket No. 00P-1211 /CP1

Dear Commissioner Henney,

As a concerned citizen. I urge the FDA to require the labeling and pre-market safety testing of genetically engineered foods. We have a right to know what is in the foods we buy. Scientists and Doctors have warned that these crops may have unexpected side-effects in the diet and the environment, and there is no evidence that these foods are safe for children and the use of in a lifetime.

Please take action to ensure that our health and environment are not put at risk.

Sincerely,

Bertha M. Chesson
