FEB. 17, 2000

CITIZEN PETITION

This is to request the placement of appropriate warning statements on the labeling of Calvin Klein's "Eternity" fragrance products because such products contain toxic fragrance components. I am extremely sensitive to all fragrances, but especially those which contain toxins, and the aforementioned products contain known toxins. If these products are labelled as requested, then people buying them will at least be purchasing them with some awareness of what they are putting on their skin; while those that are deterred from buying by the warnings, will have diminished opportunity to poison either themselves or others. For which I shall be grateful.

Sincerely,

Robert C. Weber
