FDA Dockets Management Branch, 4/22/00

Please act now on Docket # 99P-4613. This petition would ban the use of genetically engineered Bovine Growth Hormone in dairy cows.

Coming from a family of dairy farmers, I am staunchly opposed to this artificial product. I would like for the FDA to ban the use of this inhumane, unnatural product. Please act on Docket # 99P-4613.
