Commissioner James Henry
Docket Number OOP-1211/CPI
FDA Dockets Management Branch HFA 305
5630 Fisher Lane Room 1061
Rockville, Maryland 20852

Dear Commissioner,

I am a graduating College student at Cal Arts in Valencia California and I am writing you because of my great concern over Genetically Engineered Foods. I am opposed to having food altered in any way and do not know if I am buying food that has been genetically altered. As a consumer I need to know - labeling is essential!

I urge you to pass & vote for the Genetically Engineered Food Right-to-Know Act HR337

C351
