Dr. Jane Henry,

I am writing to ask you to urge the FDA to allow non-dairy beverages to be labeled as "milk," and ask that they require milk from cows be labeled clearly as "cows' milk".

Other milk products exist such as nut milk, coconut milk, rice milk, and oat milk. These products are a good alternative to cows' milk. Cows suffer terribly on modern factory farms. Please allow fair alternatives to be labeled as such.

Thank you,
