Please approve Docket 98P-0151/CP1
to prevent inhumane treatment of downed
animals. They are commonly left to
suffer for hours or even days without food
water, shelter or veterinary care until they
die of neglect because they are no longer profit-
able. They're dragged or pushed to slaughter
causing unnecessary suffering. These practices
pose risk to human consumption. It is
the consensus of public & industry that it
is wrong to market downed animals.
