Sirs: CONCERNING DOCKET # 98P-015/CP1

This letter concerns the downed animal trade! I am pleased to learn, at least, that there is now legislation to prohibit meat from sick & downed animals to reach school lunch program. The marketing of downed animal, the slaughter of these animals is unacceptable! Some animals may even be affected with Bovine Spongiform Engephalopathy. My concern is also with how all animals are treated. With proper & humane treatment, the chance for sick & injured animal is lessened. Please, address this important issue. Allow for humane care for all animals!

Thank you,

Joan Edelsen
