To Whom it May Concern,

I respectfully request that the F.D.A. grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals. Downed animals increase the risk of bacterial contamination to humans; they are treated VERY inhumanely causing these unfortunate animals even more pain. Perhaps by removing them from the market, there will be more incentive to handle the animals more carefully in the first place.

Sincerely,

Joyce A. Sherman
