RE: Docket #98P-0151/CP1

Gentlemen:

I want to urge you, please, to grant petition 98P-0151/CP1, to prohibit the slaughter of downed animals. The animals should not be allowed to enter the human food chain. I am concerned about bacterial contamination and Mad Cow Disease. The inhumane treatment handling downed animals, resulting in many injuries, is also a concern. Due to the small amount of these animals slaughtered, prohibiting their marketing will cause no undue economic hardship, and removing the market for downed animals will be an incentive to prevent downed animals in the first place.

Thank you,

Mrs. Louise Farrell
