Re: Docket # 98P-0151/CP1

To whom it may concern:

Please grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals. Animals who are too sick or injured to even stand should not be allowed to enter the human food chain. The inhumane methods used to move these animals should be stopped. Removing downed animals will provide an incentive to industry to provide better care and handling. Not to mention, prevention is our best

way to ~~pro~~ assure "Mad Cow" disease does not infiltrate the American market.

I trust you will consider my plea and will grant the afore mentioned petition.

Very truly yours,
