U.S. Food & Drug Administration:

I am writing to you urging you to grant petition 98P-0151/CP1, prohibiting the slaughter of downed animals.

Downed animals suffer inhumane practices in their handling, and should be dealt with humanely, not dragged, pushed, and slaughtered!

In addition, many are too sick or injured, & should not enter the food chain, for humans or other animals. There should be no market for downed animals!

Thanks for your understanding & taking action.

01 JAN 24 P1:

Wishing you a bright and merry holiday season filled with joy.

Sincerely

Denay Trykowski
