This letter is written in regards to the "Downed Animal" situation in this country and the need for immediate attention to this matter!

I am urging the FDA to grant petition 98P-0151/CP1 to stop the slaughter of downed animals!

Sick or injured animals should not be allowed in the food chain for humans! Common sense, alone, should dictate the reasons for this! Human consumption of meat from a sick animal has resulted in fatal human illnesses!!

98P-0151

Once again please
give support to Docket # 98P-0151/CP1

Most Sincerely
Kathy Fealhabe
