Docket # 98P-0151/CP1

Dear Sir:

Please know that I am against the slaughter and marketing of Downed Animals - there are too many dangers of bacterial infection, and it is not any big Economic Hardship.

To move an injured animal inhumane methods are used and the meat industry needs to change its procedures They won't go broke, not on my vegetarianism.

Please grant Petition # Docket # 98P 0151/CP1

Sincerely Yours

Irene Slack
