Rockville, MD 20852

I urge the Food & Drug Administration to grant petition Docket Number 98P-0151/CP1 To prohibit the slaughter of downed animals,

animals who are too sick or injured even to stand should not be allowed to enter the human food chain

There is evidence that some downed animals may have a form of BSE ("Mad Cow Disease") a disease which has been linked to a fatal human illness (CJD or Creutzfeldt Jakob Disease)

Sincerely yours,
Jane W. Robertson
