Dear Sir,

Regarding petition 98 P-0151/CP1 to prohibit the slaughter of downed animals.

Industry experts have estimated that 90% percent of downed animals can be prevented with better care and handling.

Removing the market for

98P-0151 C3663

doomed animals will provide an incentive to industry to prevent doomed animals in the first place.

Please stop the slaughter of doomed animals. This would be appreciated by humans and the doomed animals.

Thank you
Sincerely,
Ann Wittel
