00 02 FEB 12 P2:09

Dear Sir,

I am writing to urge the Food and Drug Administration to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals.

Slaughtering sick and or downed animals is not only inhumane but also could cause health problems to humans, some serious, such as mad cow

98P-0151

C 3963

disease. The small percent of downed animals entering the market could cause major illness in humans or their pets.

Sincerely,

Mary L. Yunker
