Re: Docket #98P-0151/CP1

2380 '01 JAN -9 P2:16

Please help stop the horrifying torture perpetrated on downed animals who are too sick or injured to even stand up - They may be left to die in agony with pain, thirst, heat, cold weather for days, or they may be dragged with a chain or pushed with a tractor or forklift, causing even more suffering more injuries & disease. This is appalling to even imagine.

Please grant Farm Sanctuary's petition to prohibit slaughter of downed animals and sale of their flesh for food, being an obvious health hazard to humans and/or animals who eat such meat.

Thank you for your attention!
