and finds them new homes.

POST CARD

Dear Sirs:
Concerning Docket no.
98P-0151/CP1
① Doomed animals should never be allowed to enter the human food chain.
② Contamination of meat is a possibility with these sick animals
③ It's cruel to move the doomed animals humanely. They have to endure terrible pain to slaughter.
Europe does not use doomed animals, as I understand
Thank you.
Sincerely
Miss Richard Hall
