Docket # 98P-0151/CP1

5332 '01 JAN 19 A10:06

Dear Ladies and Gentlemen,

Please grant petition 98P-0151/CP1. There are many and good reasons to do so, including the health risks & lack of any real detriment to profit by sparing downed animals.

I ask you to do so, however, simply in the interests of doing what is right and kind. As humans, we do so many things to animals and each other that are horrible, and then we accept it as ok because "it's just what we do." Let's try to stop. Blessed are the merciful. Thank you.

Sincerely,

Margaret Papa
