RE: Docket # 98P-0151/CP1

Dear Food & Drug Administration:

I want to add my voice to the growing number of those opposed to the sale and slaughter of downed animals. I urge you to grant the above petition prohibiting this practice. Thus, we can accomplish three things: help to decrease the risk of contaminated food, help eliminate the horrendous suffering that these animals are subjected to, and take one step closer to claiming the enlightened society of the 21st century.

Thank you —

C3507

Sincerely,

Bonnie A Sanders
