To whom it may concern

I urge you, the FDA to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals for human food. The docket # is 98P-0151/CP1.

This is a great concern to me. In addition to animal suffering using downed animals for human food raises serious health concerns. Besides the risk of bacterial contamination, there is evidence that some downed animals may be afflicted with a form of BSE, a disease which has been linked to human fatalities. Finally it greatly disturbs me the intolerable suffering the animals experience. Please grant petition 98P-0151/CP1.

Sincerely,
Susie Simon
