DOCKET No. OOD 1598
DOCKET MANAGEMENT'S BRANCH (HFA-305)
FOOD & DRUG ADMINISTATION

This is the country where people are the most informed. In a democratic society, free access to information is the basis. Keeping information from consumers tantamounts to weakening competition and the quality of goods and services available.

Please REQUIRE PREMARKET SAFETY TESTING AND ENVIRONMENTAL STUDIES AND MANDATORY LABELING OF ALL GENETICALLY ENGINEERED FOODS.

Thank you for receiving comments.
