Hello,

I urge you to require pre-market safety testing and environmental studies and mandatory labeling of all genetically engineered foods.

I also urge you to keep these foods out of the market in the meantime.

Thank you, Eric Pritchard

PICCADILLY CIRCUS, LONDON: There's an old saying that if you stand in Piccadilly Circus for long enough, you'll see the whole world pass before you. If you stand there for 10 minutes you'll soon understand what it is that makes London famous throughout the world. At night, theatre-land awakes, heralded by many thousands of bright lights.
