Aloha FDA,

I saw your article in our Sunday Star Bulletin by Linda Marsa - Los Angeles Times.

All is well with what you are doing. One thing you did not address was the label on medications, especially over the counter.

Please, see that the labels wording is printed so consumers are able to read. I am 69 + wear bifocal glasses. I cannot read the label to see the dosage.

Please see to it that it comes with larger prints.
