Dear Sirs March, 2001

This letter is in reference to Docket number 98P-0151/CPI

The marketing of sick & injured animals (downers) should be ended. The FDA should prohibit the slaughter of downed animals. It is not only inhumane to the animal, it is unsafe for human consumption. This is endorsed by Farm Sanctuary. Even the USDA will stop purchasing downed cows for federal programs

Please consider "No Downers".

Thank you,

Marilyn Evenson
