Docket # OOD-1598
OON-1396

February 11, 2001

Dear Commissioner—

As a mother, a medical professional & concerned, voting consumer I pay careful attention to what I eat & feed my family. I urge you to require premarket safety testing & labeling of genetically modified so that I may make an informed choice which is my democratic right. Consumer sentiment will be reflected in the economic bottom line. Please listen to us & respect our right to choose. Thank-you, Respectfully, Melissa R. Ryan
