Docket #00N-1396 OOD 1598

2-11-01

Dear Commissioner 02 FEB 16 P2:17

Please require GMO (Genetically modified organisms) to be labeled when they appear in our food supply. I do not believe that we have had adequate time or testing to be sure that these items are safe for our consumption. Our freedom of choice must be protected & labeling will provide that protection. Pre-market testing will protect our health & well-being. Thank you, Maria Santelli
