Gentlemen: Please Grant
Re: Petition 98P-0151-CP1

Please prohibit the slaughter of downed animals. Arriving at a slaughter-house, they suffer terrible cruelty & there is a health risk to humans. - Mad Cow Disease can spread because animals may be afflicted with it also:

Animals too sick or injured to stand should not be allowed to enter the human food chain.

Downed animals are abused.

Downed animals out of the market will cause no undue economic hardship; and 90% of downed animals can be prevented with better care & handling.

Thanks,
Mrs Charlene Yanchak SFO
