U.S. Food and Drug Administration;

Please grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals for human food.

01 APR 26 P12:05

Last year the U.S.D.A. announced a landmark policy to stop purchasing meat from downed cows for Federal food programs, including National School Lunch Program. This important development shows a growing consensus - even among industry and government officials - that the marketing and slaughter of downed animals is unacceptable.
