To: Michael A. Friedman, Commissioner,

5311 '01 MAR 19 P3:45

I'm writing yet again, to ask you to stop requiring cruel and obsolete animal testing for pharmaceuticals and instead allow the companies to substitute in vitro tests for the safety of both humans and animals. Many companies have tried to reduce their animal testing, but there is still a long way to go. It would help quite a bit if you, the FDA, would stop the requirement of testing on animals. Your decision can stop so much suffering and death. Thank you.

Sincerely,
Stacey Murrow
