11/20/00

Dear Commissioner Henney

4772 '01 FEB 23 A10:13

I am writing to you because of my concern regarding genetically engineered foods. I strongly urge you to require long-term safety testing of genetically engineered foods before they can be sold + before any new foods or products are released.

As a ~~consum~~ consumer I also want genetically engineered foods labeled – I + others have the right to know what's in the food I'm eating.
