I am writting this because of my concern with the (GE Foods).

I am supporting the Citizen Petition Docket #009-1211/CP1

That all GE Foods be Labeled to give me a choise.
Because I + others are allergic to many Food.

That premarket testing for Safty

Moratorium on all GE foods until requirement met.

GE foods could create New toxins, allergic reactions and other risks to consumers.

I dont believe GE Food are not safe, + bad for the enviroment.
