Room 1061 (HFA-305)
Rockville, MD 20852

Dear Commissioner Henney,

Kindly keep genetically engineered food ingredients or crops off the market and out of the food supply. It is anathema to me that you would consider allowing g.e. food ingredients in the food supply.

It doesn't even appeal to me to make corporations held liable for any harm. As a diagnostician in special education I am fearful of anything else is the environment harming the health of our children.

Sincerely,

Elaine Drinan
