I have written many letters to Washington on the downed animal problem and its attendant cruelties.

It is very necessary to grant petition 98P-0151/CP1 to prohibit the slaughter of downed animals.

They pose a health threat and should not be offered for human consumption. They are also treated in a most inhumane way yet are not protected by any animal cruelty laws.

Please take action on this without delay.

Sincerely

Pat Joralemon

PATRICIA JORALEMON.
