GENETICALLY ENGINEERED FOOD NOT SERVED – MONSANTO

T827CW

SCW©2000

Available: Book *Farmageddon: Food and the Culture of Biotechnology* (K239NS); plus resources on stopping Monsanto's deadly, profit-driven experiment with our food systems.

More info: www.monsantos.com; www.purefood.org

I am appalled that the FDA proposes not to require testing of genetically engineered food. The very limited testing that has been done shows evidence of health + environmental dangers from GMOs. We need long term studies to truly assess them, and a moratorium on them till such studies are done. In the meantime I'm eating organic.

Union printed, REAL recycled paper, post-consumer content.
