Dear Commissioner,

98 1,3 '99 MAR 30 A11:05

Please take action on docket number 98P-0151/CP1 and stop the slaughter of downed animals for human food supplies.

There is no shortage of beef or any other type of "meat" for human consumption; therefore, the American people should not be put at risk by slaughtering downed animals for human food.

Thank you for your assistance in this extremely important matter.

Sincerely,

Marietta Helton
