A Note To You From
Rev. Alan & Marion Cleeton

3/28/99

FDA:

We urge you to ban the forced molting of chickens. This ghastly procedure increases the spread of Salmonella and causes terrible suffering to chickens.

MAR 31 P1:45

Please see the enclosed pictures of our sensitive and affectionate pet chicken, Elizabeth. She lived with us for many years, adding much joy to our lives.

We look to you to grant the petition filed under Docket # 98P-0203/CP.

Sincerely,
Marion Cleeton
Alan R. Cleeton
