Dear Mr. Jaffe,

1987 '99 APR -9 A11:05

This letter was written after reading how forced molting is used to increase egg production.

This treatment of hens is cruel and should be stopped immediately. It has been banned in other countries because of the cruelty.

I support any petition to ban forced molting. (docket 98P-0203/CP)

Sincerely,

Grace A. Kalling
